Rental Process.

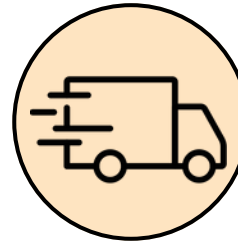

Step 1.

Order confirmed and invoice paid.

1. Send us your business address details for delivery.
2. We organise the delivery of cups and any bin covers/signage (if ordered) and send you the delivery info so you know when to expect it.

Step 2.

Deliver to your business.

1. Be onsite for delivery to your business address.
2. Unpack your cups and keep the boxes to put the dirty cups back in after the event!

Step 3.

Party time!

1. Serve those drinks!
2. Make sure everyone knows to return the cups to you and not to put them in the bin or take them home.

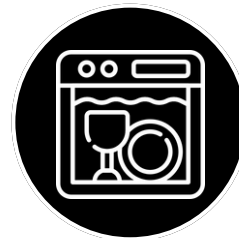

Step 4.

Collection after the event.

1. Put the dirty cups upright in boxes to prevent spills.
2. Print and attach the shipping labels bettercup staff send you at the end of the event for courier collection.

Step 5.

Professional washing and drying.

1. We count and clean the cups.
2. We send you a credit note with any lost or damaged cups deducted from the total.
3. You send us your bank details and we process the deposit refund within 14 days.

Step 6.

Cups ready for reuse!

The cups you used are now cleaned, reboxed and ready to save kgs of waste from landfill at their next event!

Other ways we can help you.

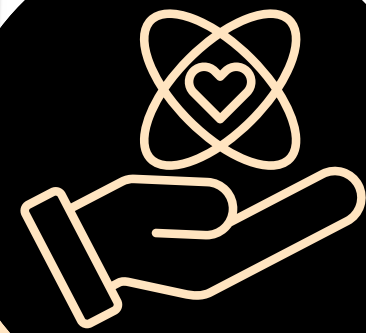

washing and drying solutions.

Whether at our HQ in Melbourne or through an onsite setup, we can manage both rental and custom cups. Our solutions ensure your cups are always event-ready.

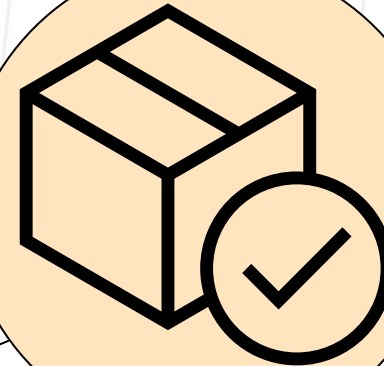

onsite support and training.

Our team of experts can be at your event, overseeing staff and volunteers to guarantee the smooth operation of your reuse system.

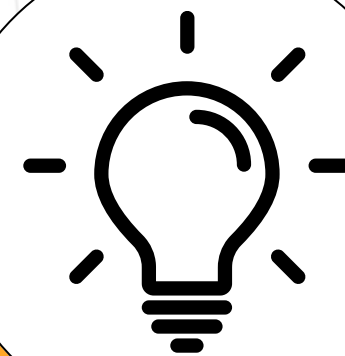

reusable product sourcing.

Looking for a specific reusable product not listed on our website? With our extensive connections in the manufacturing sector, we can source a wide range of ethically made reusable products tailored to your needs.

storage for cups.

Need space to store your cups? We offer secure storage solutions until your next use, reducing your logistical hassles.

reuse system support.

Our packages offer scalable solutions designed for every stage of your sustainability journey. They ensure operational efficiency, maximise ROI, and enhance audience engagement with varied levels of hands-on guidance and strategic planning.

responsible recycling.

For cups no longer suitable for reuse, we facilitate recycling through our local partners to ensure they are repurposed into new products.

Why rent reusable cups?

Drive Sustainable Impact: Borrowing from our fleet means reducing your own single use waste and being part of a constant reuse system.

Convenient Washing: Just use, box, and return—our washing service handles the rest, ensuring a hassle-free experience.

Flexible Order Sizes: Not sure how many drinks you'll sell? Take advantage of our "back ups" so you don't run out.

Quality with Character: Our cups carry a history of use, proudly showing minor wear as they continue to eliminate waste!

Responsible Recycling: Once our cups are too damaged to continue renting, they are either creatively repurposed or responsibly recycled, meaning even less waste to landfill.

REUSE
WITH
CARE

About us.

Bettercup is a female founded, impact led enterprise, dedicated to ending single-use waste from event waste streams since 2018.
